How to Order

Please contact me either by telephone or e mail to request fabric samples. I have a wide choice of fabrics so preferences as to colour, plain, prints, checks or stripes is always helpful as well as the age of your child as some materials are more suited to older or younger children.

Once you have chosen a fabric and style you will need to think about sleeves, necklines and other details such as sash ties or button back belts. I am always happy to help you with any of these decisions so please don't hesitate to contact me. I will send you a confirmation of your order with all the details.

As I make to order, I do ask for a 50% deposit before starting work. Once this is received, I will give you an estimated date for completion (usually no more than 4 weeks). I accept payment by cheque, postal order or Paypal.

I will contact you shortly before completion to ask for the balance of payment and packing and postage costs. All parcels are sent by Royal Mail Standard First Class delivery and are charged at £4.00 for orders up to a value of £45. Orders over this value will normally be sent Special Next Day delivery and must be signed for. Please ask for charges when placing an order.
